2023 Minnesota Swish Tryout Results - GIRLS

Thanks for attending tryouts!

With any tryout situation, there are always very tough decisions on roster placement. If you are not listed on a team, I truly am very sorry. Not having roster spots for kids that attended tryouts is the toughest part about running the Swish program. The evaluators and I really try to get a good look at everyone and be fair, but with only an hour and a half or so to watch kids play, we could make mistakes or not see all of the positive plays and things you may have shown. (I know that there are some talented kids that didn't make a team!) If you did not make a team, I will shred your check unless you email and request that it be mailed back. Again - very sorry, but keep working!

Will get more info out soon to each team (by email), but practices will start the week of April 3rd for most teams.

Thanks and GO SWISH!

Tough call here with 5th Girls, but deciding to go with 11 players on the roster instead of cutting 1 or 2 as there wasn't a clear dropoff and couldn't decide on the last few spots. So likley will add a 7th Tournament and have each girl planned out to sit out/miss one tournament. Have done that in the past and seemed to work out fine.

7th Girls

As of right now, have 26 7th grade girls and leaning towards going with team rosters of 8, 9, and 9 and having everyone make a team. I need to get invoices out to a couple players yet (my fault - am swamped right now) and then finalize the split based on rankings. If a couple end up not playing, may have to go to with two teams and likely 9 and 10 for roster sizes.

Will email out teams/updates when I have them.

8th Girls

Ended up not having enough for an 8th grade team and bumping a couple of the top players up to 9th.
